Need Assistance with fees?

Humane Society of Nacogdoches County – (936) 569-7272

O'Malley Alley Cats – (936) 556-2754

The minimum co-pay per animal is \$10

These prices are subsidized by the O'Malley Alley Cats, grants, donations and many volunteers who provide free labor. These prices are significantly less than "cost" at private veterinary clinics. Our fees are low not because we offer lesser service, and not because veterinarians charge too much. In fact, most veterinary clinics mark down spay-neuter fees relative to other surgeries, to keep the cost of these essential procedures as low as possible. Our fees are low because our services are subsidized. We strive to comply with all guidelines of the American Animal Hospital Association (AAHA) for anesthesia and surgery. We provide low cost and high quality surgery, all at the same time.
